Northwest Communications Cooperative – Unfulfilled Requests for Voice Service (310)

Northwest Communications Cooperative ("Company") had one unfulfilled request for voice services in 2012 in the Powers Lake exchange. US Fish and Wildlife had an existing easement that would not allow the Company to disturb the ground. The Company has since resolved the issue but it took over one year.

Northwest Communications Cooperative's Demonstration of Compliance with Applicable Service Quality Standards and Consumer Protection Rules:

In establishing this certification in its 2005 ETC Order,¹ the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers." ² The FCC found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement" and that the sufficiency of other commitments would be considered on a case-by-case basis. ³ In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."

Northwest Communications Cooperative ("Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under federal law and, to a limited extent under North Dakota state law as a telecommunications carrier subject to North Dakota Public Service Commission regulation. These obligations include, but are not limited to, the following: (1) adherence to state requirements that the Company complies with consumer protection and service quality standards pursuant to North Dakota Administrative Code Article 69, including customer requests for lowest price

¹ Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("2005 ETC Order").

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: "(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy." *Id.* at n. 71.

service alternatives (69-09-05-01), discontinuance of telecommunications services (69-09-05-02), deposits and guarantees (69-09-05-03); (2) truth-in-billing requirements, and (3) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

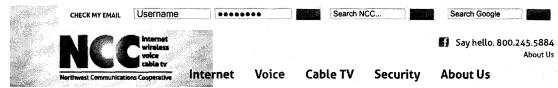

Northwest Communications Cooperative's Ability to Function in Emergency Situations

Northwest Communications Cooperative hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2)¹ and North Dakota Administrative Code 69-09-05-12. The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

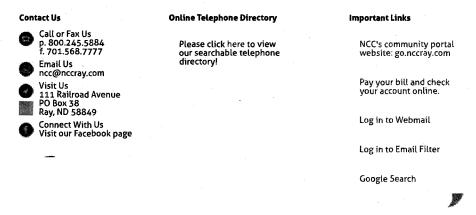

Specifically, each central office building is either supplied with permanent standby generators or is generator-ready, and battery back-up that enables the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company's central office can maintain a minimum 8 hours of battery reserve rated for peak traffic load requirements, and an auxiliary power unit is installed which can be delivered and connected within four hours. The Company has permanent generators at Ray, Tioga, Crosby, Epping MMDS, Bowbells MMDS, and Round Prairie Jct. locations, and has the ability to connect portable generators at all locations. The Company has three portable generators to move

Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

to different sites in the event of a sustained commercial power loss. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators will continue to run as long as the Company has access to fuel. The Company tests the batteries at least once per year.

Lifeline is a federal government assistance benefit and willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment, or being barred from the program.

Only one Lifeline service is available per household. A household is defined, for the purposes of the Lifeline program, as any individual or group of individuals who live together at the same address as one economic unit. An "economic unit" consists of all adult individuals contributing to and sharing in the income and expenses of a household. A household may include related and unrelated persons. A household is not permitted to receive Lifeline benefits from multiple providers. Violation of the one-per-household limitation constitutes a violation of the Federal Communications Commission's rules and will result in your de-enrollment from the program. Lifeline is a non-transferable benefit and you may not transfer your benefit to any other person.

I certify, under penalty of perjury, that:

- (1) I meet the income-based or program-based eligibility criteria for receiving Lifeline, provided in 47 C.F.R. § 54.409. I have provided documentation of eligibility if required to do so;
- (2) I will notify the carrier within 30 days if, for any reason, I no longer satisfy the criteria for receiving Lifeline including, as relevant, if I no longer meet the income-based or program-based criteria for receiving Lifeline support, I am receiving more than one Lifeline benefit, or another member of my household is receiving a Lifeline benefit;
- (3) If I move to a new address, I will provide that new address to the telephone company within 30 days;
- (4) If I provided a temporary residential address to the telephone company, I will be required to verify my temporary residential address every 90 days;
- (5) My household will receive only one Lifeline service and, to the best of my knowledge, my household is not already receiving a Lifeline service;
- (6) I acknowledge that I may be required to re-certify my continued eligibility for Lifeline at any time, and my failure to re-certify as to my continued eligibility will result in de-enrollment and the termination of my Lifeline benefits pursuant to 47 C.F.R. § 54.405(e)(4);
